ECOFLEX PACKAGING

DISTINCTIVE BOTTLES. PRACTICAL SOLUTIONS.

HDPE & PP bottles and caps
Beauty | Personal care | Pharmaceutical packaging

01 / ABOUT US

Thoughtful packaging. Practical manufacturing.

Ecoflex Packaging manufactures HDPE and PP bottles and caps for cosmetic, personal care and pharmaceutical packaging requirements. We help brands translate their product needs into practical, distinctive packaging.

From familiar round bottles to sculpted and rectangular profiles, our collection gives brands a choice of forms, capacities and dispensing styles. Our approach brings together bottle selection, colour, closures and decoration planning.

BUILT AROUND YOUR PRODUCT

The right pack balances shelf presence, handling, dispensing and production needs. We work through these choices with your team before the final specification is approved.

Markets we serve

03 / WHY ECOFLEX

Distinctive form. Manufacturing focus.

A versatile design collection

Round, rectangular, contoured and faceted profiles give brands a range of visual identities.

Coordinated product families

Multiple sizes within selected collections support a consistent appearance across a product range.

A practical material focus

Experience centred on HDPE and PP bottles and caps helps keep development grounded in manufacturing needs.

Room for your brand

Colour, closure and decoration choices can be discussed to create a more individual presentation.

Direct project coordination

A clear discussion of capacity, material, closure, quantity and artwork helps define the pack before production.
